Philips Remote User Guide
Bailey 146

Overview

The following document intends to familiarize one with the use of features in our *Smart Classrooms* via the Philips Remote Control. The remote itself allows for full control of all devices installed in the room.

General Operations Using the Pronto Remote

Press on the **HELP** icon for support information.

Contrast controls for the touch screen display.

Backlight initiate button.

Press on the **VCR** icon to get to the VCR controls.

Press on the **LAPTOP** icon to send the laptop desktop to the projector.

Master **MUTE** button.

Press on the **BLK SCR** icon to have the projector project a black image.

Master **VOLUME** contorls.

Press on the **PRE-SENTER** icon to display documents from the document camera on the projector

Press on the **AUX** icon to display auxiliary AV inputs on the projector.

Press on the **MASTER SHUT DOWN** icon and hold it for at least 6 seconds to turn every equipment off.
ANY TROUBLE USING THE PRONTO PLEASE REFER TO THE NEXT PAGE

Blank Screen !

The Pronto screen will be blank when picked up from the charger base.

To initiate the Pronto just Touch anywhere on the touch screen as indicated.

Where is the main page!

Just press on the icon that resembles a house at the top left hand corner of any equipment menu page. Should a display other than the main page appear.

No Display!

If display is dark or do not appear check contrast dial before calling for. There is a contrast dial on the right side of the Pronto receiver that is similar to a volume control dial on a walkman.
